FROM THE DESK OF

Santa Claus

Greetings from the North Pole! Mrs. Claus, the elves, and I have been very busy getting ready for Christmas, and the reindeer are practicing their flight paths for the big night.

I have a very special favor to ask you. My elf workshop is working extra hard to make toys for children all around the world, but some kids don't have many toys at all. I need help from kind, generous children like you!

I've included a special Delivery Bag with this letter. Before Christmas morning, I would love for you to go through your room and pick out some gently used toys that you've outgrown or don't play with anymore. Fill this bag up and leave it right near the Christmas tree.

My elves and I will take the bag back to the North Pole, fix up the toys in our workshop, and deliver them to boys and girls who need a little extra Christmas joy. Then, I'll leave this exact same bag right back under your tree the night before Christmas, filled with brand-new surprises just for you!

Thank you for being such a wonderful helper. Your kind heart is the best gift of all.

With warm wishes from the North Pole,

Santa Claus
